

Reagan, Cayce, and Scarlett

Dear Expecting Mother,

Hello! Thank you for considering us to be your child's adoptive parents. We are excited to meet you! We can't begin to understand how difficult this decision must be, but we hope that you find the information you need with Lifetree to help make your journey as easy as possible.

We are in our mid-thirties and have been happily married for 12 years. We are originally from South Texas, but have lived in Dallas for over a decade. Our daughter Scarlett just turned 5 years old and has been a great joy in our lives. We recently discovered that we are likely unable to have more children, so we looked to adoption to help make our dream come true of expanding our family.

Reagan is 5 ft. 11 in. tall and has dark blond hair and light brown eyes. He teaches high school band at Highland Park High School. He loves to teach music and play his instrument the trombone, read, cook, and play sports.

Cayce is 5 ft. tall and has dark brown eyes and hair. She is a pulmonary and critical care physician at Baylor Plano. She loves to read novels, scrapbook, exercise, and watch movies. We love to spend time together at home, visit with friends and family, travel, and play with our pets.

Scarlett has dark brown eyes and light brown hair. She loves to read, play dress-up with her Disney Princess dresses, and pretend-play with her dolls and other toys. Her hobbies include doll-collecting, watching Sci-Fi movies, going to museums, and attending dance class at Talent 'N More in Richardson.

In addition to Scarlett, we have a 9 year-old Corgi named Monty, an 11 year-old Bichon Frise named Coco, and Sandy our 12 year-old cat. Our pets are very important to us and a vital part of our family.

We are looking forward to new adventures and making more memories as our family grows!

We hope that you find what you're looking for in adoptive parents with Lifetree. Again, thank you for considering us and good luck!

Sincerely,

Reagan, Cayce, and Scarlett
