

Dear Birthparents,

We admire the strength it takes for you to consider adoption for your precious baby. Even though we may not know exactly what you're going through, the decisions involved are selfless and require a lot of courage. While we want you to know you are loved and cared about, we also would be honored to be considered as a family for you and your child. We hope this process will provide a glimpse of what our family is like. We appreciate you and thank you for giving us the opportunity to introduce ourselves to you. We are thinking of you and praying for you always.

**About Alicia**
